## Education

### NMIMS University

BTech in Computer Engineering **CGPA** 3.56/4

**Aug 2022 - Jul 2026**

Shirpur, Maharashtra

### Yeshawant Mahavidyala

11th - 12th **Percentage** 71.20

**July 2020 - May 2022**

Maharashtra

### Bhavans Lloys Vidya Niketan

Lkg - 10th **Percentage** 89.80

**Feb 2008 - Feb 2020**

Maharashtra

## Technical Skills

**Languages:** C++, Python, HTML/CSS, JavaScript

**Developer Tools:** VS Code, Postman, Figma

**Technologies/Frameworks:** GitHub, React, Node.js, Express, Tailwind CSS

**Database:** MongoDB

## Projects

**SOBUS** | *MongoDB, Express.js, React.js, Node.js, Passport, Tailwind css, Cloudinary*

**September 2024**

- Created an admin panel for activity management with automated email notifications using Nodemailer.
- Integrated JWT authentication with secure file storage (Cloudinary, Multer) for images, PDFs, and Excel files.
- Built a responsive React interface with Tailwind CSS for seamless user experience across devices.
- [Website Link](#)

**Calculator Web Application** | *HTML, CSS, JavaScript*

**June 2024**

- Developed a web-based calculator using HTML, CSS, and JavaScript for real-time arithmetic operations.
- Styled the interface with CSS, featuring a gradient background and custom-styled buttons for better UX.
- Implemented JavaScript logic to handle inputs, perform calculations, and update the display dynamically.
- [Github Link](#)

**Currency Converter Web Application** | *HTML, CSS, JavaScript*

**June 2024**

- Developed an interactive currency converter using HTML, CSS, and JavaScript with real-time exchange rates.
- Designed a user-friendly interface with dynamic input fields and currency selectors for better UX.
- Integrated a currency exchange API for real-time updates and accurate conversions using JavaScript.
- [Github Link](#)

**Turf Website Front-End** | *HTML, CSS, JavaScript*

**March 2024**

- Developed a visually engaging turf website using HTML, CSS, and JavaScript to showcase products and services.
- Enhanced UX with CSS animations and transitions for a dynamic and interactive interface.
- Implemented JavaScript features for animations and visual effects, enhancing product and service presentation.
